LB 94, 173

to complain a little bit about the kinds of legislation that comes before this Legislature when you have city and county governments in disagreement. In my humble opinion, had the city and the county been able to determine equitably an arrangement for building this road and the level of the improvement, had they been willing to work with each other this bill would not be necessary. However, that was not the case and I think Senator Vickers should be complimented for finding a fair and reasonable way to deal with a very tough problem and that is instead of coming in demanding that we change the law, he has provided a deferral mechanism which I think is good and workable in this situation. However, it is always preferable when local governments work together to iron out these problems. Had they been able to do that this bill would not be necessary.

PRESIDENT: Is there further discussion on the bill? If not, the motion is to advance the bill. All those in favor vote aye, opposed vote no. We will need the cooperation of all to move these bills along during the lunch hour. All please record your vote. Voting on LB 94 to advance. Have you all voted? The Clerk will record the vote.

CLERK: 26 ayes, 0 nays, Mr. President.

PRESIDENT: The motion carried. The bill is advanced. LB 173.

CLERK: Mr. President, 173 offered by the Constitutional Revision and Recreation Committee and signed by its members. (Read title.) The bill was read on January 12, referred to the Constitutional Committee, advanced to General File. There are committee amendments pending.

PRESIDENT: Senator Sieck.

SENATOR SIECK: Yes, Mr. President, we have a committee amendment here that is merely a technical amendment. On line 25, page to the amendment, takes out the word "trapping" and inserts "fur harvesting." It also...is inclusive with turkey and deer hunting and all this. It just exempts that portion from a hunting license.

PRESIDENT: Is there further discussion on the amendment? If not, you have heard the motion to adopt the amendment. All those in favor vote aye, opposed vote no. We are voting on the committee amendment to LB 173. Please record your vote. Have you all voted? The Clerk will record the vote.
